

**The Calcutta**  
Octagon Mirror Frame

This elegant mirror frame is a perfect compliment to our Calcutta bathing pool series and our St. Tropez pedestal basin. Its strong bold lines make a positive statement.

**The Seville**  
Rectangle Mirror Frame

Our Seville bathing pool series has been so successful that our designers created a mirror frame to compliment it. The simplicity of the rectangle is what makes this design so humble, yet so powerful. When used in pairs over our double Khartoum basins in conjunction with a Seville bathing environment, the word "contemporary" takes on a new meaning.
