

Shower Seats

The Calcutta

(Pictured on the front cover)

The Calcutta seat (as shown in a marble shower on the front cover) is truly the epitome of comfort found in contemporary design. As with all our shower seat designs, the Calcutta can be installed in existing showers without any major difficulties. We recommend you use Six-Eleven's Installation guide 110B for #402.

It is available in Exyte*, Aluminyx, Granatex or your choice of custom colors.

Weight 20 lbs
