

The Verona

Elegant, yet conservative in design, the Verona shower seat adds beauty as well as comfort and convenience to your shower. It utilizes a limited amount of space in the shower, and renders a convenient place to shave or just relax under a gentle sprinkle of water. The Verona adds comfort to a steam shower condition as well.

Weight 20 lbs

Each Verona shower seat is accompanied by detailed installation instructions. We recommend that you follow Six-Eleven's Installation guide 110C for #403 and provide necessary blocking for attachment. In the event you are retrofitting the Verona into an existing shower, large toggle bolts may be utilized for attachment.
